

# Blackboard

## Child Course does not show for Instructors in the Course List

**Date Published:** Aug 13,2019 **Category:** Planned\_First\_Fix\_Release:Future\_Reference\_Learn; Product:Application\_Components\_Learn; Version:SaaS **Article No.:** 000055824

**Product:** Blackboard Learn

**Release:** SaaS

**Service Pack(s):** SaaS

**Description:** In Ultra base navigation, Users who are enrolled on a Child Course can only see the Parent Course in their Course list.

### Steps to Replicate:

1. Log into Environment
2. Create a couple of Courses, i.e: test\_child1 , test\_child2
3. Merge the Courses using test\_master\_course as Master Course
4. Create and enroll a User as an Instructor in the Master Course
5. Enroll the User as an Instructor in the Child Course
6. Login as Instructor
7. Go to Courses list

### Observed Behavior:

The Instructor will not see the Child Course, only the Master

### Expected Behavior:

As in non Ultra environment, the Instructor should see both Courses under My Courses and Course List

**Target Release:** Future Reference

**Patch Available:** No
